The purpose of our **E-Bucks Reward System** is to promote better oral hygiene habits to our patients. As an incentive for our mutual patients to have routine dental cleanings with you (we recommend **cleaning every 3 months** while undergoing orthodontic care with fixed appliances to insure healthy teeth and gums) and, hopefully, displaying good oral hygiene throughout the treatment, we will reward them with **E-Bucks** that once collected can be exchanged for Target Gift Cards and other prizes during their orthodontic treatment with our practice. Our hope that this behavioral modification incentive program will help establish good oral habits for our mutual patients for life as well as help them have clean and healthy teeth upon completion of orthodontic treatment.

Thank you very much for your cooperation in helping our mutual patients achieve the smile they always wanted!
